

## Biological Association of Nairobi University Students Visit Kajiado Children's Home

### ***Members of Biological Association of Nairobi University Students and University of Nairobi Anti-Drugs and Substance Abuse Campaign during their visit at Kajiado Children's Home.***

Members of the Biological Association of Nairobi University Students (BANUS) in collaboration with University of Nairobi Anti-Drugs and Substance Abuse Campaign (UNADSAC) visited the Kajiado children's home. The members had the opportunity to share in various activities with the children that included ball games and dance. Also, they were involved in giving inspiration speeches from the university and CIAT staff and students. We were also able to prepare a meal and shared together with all those who were present.

The visit is part of BANUS community outreach program which help members interact with the community and give back to the community.

During the visit, which took place on On Friday May 19<sup>th</sup>, 2017 the members were accompanied by Dr. Nelson Amugune and Dr. Wairimu Muohi, both from BANUS and UNADSAC respectively. Other members in the delegation were the International center for Tropical Agriculture. The members made donations of various kinds during their visit.
